Registration Approval Letter
 October 16, 2024
 Attention : COMPANY AMER ODE AL-BALAWI FOR TRADING AND CONTRACTING
 CR Number : 355010907
 Supplier Type : Service Provider Only
 Country : Saudi Arabia
 We are pleased to inform you that COMPANY AMER ODE AL BALAWI FOR TRADING AND CONTRACTING is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10119261 provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.
 This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.
 Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledge. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.
 Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal.registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.
 For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (1) 250-8500 for Out-of-Kingdom suppliers.
 Faisal Hamad Al Dossary, Supervisor
 Supplier Registration Unit
 Supplier Relationship Management Div
 It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Arriba for the following:
 1. Change of Name / Commercial Registration Number / Address / Owner(s)
 2. Any change of the supplier location
 3. Discontinue supply of approved commodities (SCOMs and SCATs)
 This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

Cybersecurity Compliance Certificate

This is to confirm that
Amer Ode Al-Balawi Company (AUB)
CR:3550100907
6849 Tabuk 47911-3410 52

was subject to an assessment by Managed Services to evaluate its compliance
with Saudi Aramco Third Party Cybersecurity Standard (SACS-002). Based on the assessment carried out
between 07/23/2024 and 09/04/2024, Amer Ode Al-Balawi Company (AUB) was found to be compliant with
the Standard.

For the classification of: General Requirements (Applicable on all third parties)

This certificate is valid for a period of two years from the date of issuance.

This certificate is provided based on the information provided by Amer Ode Al-Balawi Company (AUB) that indicates their cybersecurity posture at the time of the assessment. Managed Services has not evaluated the adequacy or appropriateness of the Standard compiled by Saudi Aramco. Managed Services evaluation was limited to assessment against Saudi Aramco Third Party Cybersecurity Standard (SACS-002) and should not be relied upon as an assurance beyond the areas covered by this Standard. Managed Services shall not be liable for any loss, damages, costs or expenses directly or indirectly incurred by any third party, who may rely upon this certificate for whatever reasons. This certificate is only for the purpose of meeting the requirements of Saudi Aramco and should not be published on any website or relied upon by anyone other than Saudi Aramco.

Health and Safety Policy – AUB Co.

Statement of General Policy

AUB Co., including all directors and executives, is committed to ensuring the health and safety of all employees and providing a safe environment to any other persons on premises. We are committed to maintaining safe and healthy working conditions through control of the health and safety risks arising from our work activities, the provision and maintenance of safe plant and equipment, the safe handling and use of substances, and steps to prevent accidents and cases of work-related ill health.

Employees will be safeguarded through training, provision of appropriate work surroundings, and procedures that foster protection of health and safety. All work conducted by AUB Co. Employees will take into account the intent of this policy. No duty, no matter what its perceived result, will be deemed more important than employee health and safety.

This policy applies to all employees. It is non-contractual and, for the avoidance of doubt, does not form part of any employee's contract of employment.

In accordance with our health and safety duties, AUB Co. subscribes to the following:

- 1.To prevent accidents and cases of work-related ill health and provide adequate control of health and safety risks arising from work activities. AUB Co. will assess risks to health and safety and identify ways to overcome them.
- 2.To provide and maintain a safe and healthy place of work and means of entering and leaving the premises safely, including implementing emergency procedures for evacuation in case of fire or other significant incidents.
- 3.To provide employees with adequate information, training, instruction and supervision in safe working methods and procedures.
- 4.To provide and maintain safe plant, equipment and machinery, and to ensure the safe storage / use of substances. All plant, equipment and machinery will have the necessary safety devices installed and appropriate protective clothing will be provided.
- 5.To comply with all safety and health regulations which apply to the course and scope of operations. This includes providing adequate resources to implement this policy.
- 6.To promote co-operation between employees to ensure safe and healthy conditions and systems of work through discussion and effective joint consultation [and the establishment of a health and safety committee, safety representatives and accident investigations where applicable].

Health and Safety Policy – AUB Co.

7.To monitor and review health and safety performance, working environment and conditions to ensure that programme objectives are achieved.

Everyone at AUB Co. must be involved and committed to safety. This must be a team effort. Together, we can prevent accidents and injuries. Together, we can keep each other safe and healthy in the work that provides our livelihood. Any health and safety concerns should be reported to the Principal Health and Safety Officer or your supervisor.

Statement of General Policy

The Principal Health and Safety Officer is responsible for the overall and final implementation and compliance with the Health and Safety Policy of AUB Co. and is accountable for results as measured by criteria such as incident rates. The Principal Health and Safety Officer is properly trained in health and safety to provide competent advice to AUB Co.. If an area is outside of the Health and Safety officers' expertise, an external source will be brought in for assistance.

Employee Safety Responsibilities

The primary responsibility of the employees of AUB Co. is to perform their duties in a safe manner in order to prevent injury to themselves and others. This includes taking reasonable care of their own health and safety and that of others by observing applicable safety rules and following instructions for the use of equipment.

Employees must co-operate with the management, health and safety officers and the safety committee on health and safety matters and comply with any health and safety instructions.

Any health and safety concern, however trivial it might seem, including any potential risk, hazard or malfunction of equipment, must be reported to Safety Department or to the direct supervisor.

You must specifically be trained and authorised by our supervisor to operate vehicles and use machinery. Before operating/using any equipment or machinery, visually check that all safeguards are in place and there are no maintenance issues. You must co-operate in the investigation of any accident or incident that has led, or which we suspect might have led, to injury.

Failure to comply with health and safety rules and instructions or with the requirements of this policy may be treated as misconduct and dealt with under our Disciplinary Procedure.

Health and Safety Policy – AUB Co.

Actions/Arrangements

1. Accidents and First Aid

If you suffer an accident at work, it must be reported to the Principal Health and Safety Officer or your supervisor as soon as possible. All accidents should be reported, however trivial (this includes all work-related injury, suspected injury or near-misses). The accident will be recorded in our Accident Book, which is kept in Head Office in Tabuk. All employees must cooperate with any resulting investigation.

AUB Co. will follow all guidelines and requirements of RIDDOR (Reporting of Injuries, Diseases and Dangerous Occurrences Regulations) when dealing with any accidents or ill health at the workplace.

The act of reporting a false injury or accident will be viewed by the Company as an act of misconduct and will result in disciplinary action being taken against you.

There are numerous first aid boxes strategically placed throughout the workplace. Please make yourself aware of the nearest first aid box and how to contact a first aider.

2. Fire Prevention and Emergency Evacuation

The responsible engineer shall conduct a fire risk assessment and implementing fire safety procedures. This risk assessment will be reviewed annually and as circumstances in the workplace change.

You should familiarise yourself with the instructions about what to do in the event of fire. Fire extinguishers are located throughout the building/workplace. Also ensure that you are aware of your nearest fire exit and alternative ways of leaving the building in an emergency.

You should notify the Principal Health and Safety Officer or your supervisor as soon as possible if there is anything (for example, impaired mobility) that might impede your evacuation in the event of a fire.

If you discover a fire you should not attempt to put it out unless you have been trained or feel competent to do so.

On hearing the fire alarm, you should remain calm and walk quickly (do not run) and evacuate the building immediately following the instructions of the fire wardens. Do not stop to collect personal possessions, do not use the lifts and do not re-enter the building until you are told that it is safe to do so.

Health and Safety Policy – AUB Co.

3. National Health Alerts

In the event of an epidemic or pandemic alert we will organise our business operations and provide advice on steps to be taken by employees, in accordance with official guidance, to reduce the risk of infection at work as far as possible. Any questions should be referred to your supervisor.

4. Safety and Equipment Training

AUB Co. is committed to providing health and safety related orientation and training for all employees at all levels of the facility. AUB Co. will maintain and support a programme to educate and familiarise employees with health and safety procedures, rules and work practices. The training subjects and materials have been developed using industry best practices criteria and site-specific data. A record of training will be kept and made available as well. All employees must use equipment in accordance with operating instructions, instructions given by managers and any relevant training. Employees must ensure that health and safety equipment is not interfered with and that any damage is immediately reported.

No employee should attempt to repair equipment unless trained and authorised to do so. Failure to report damage to or a fault with equipment or failure to use it as directed may result in action under our Disciplinary Procedure.

5. Information and Consultation

We are committed to providing information, instruction and supervision on health and safety matters for all employees as well as consulting with them regarding arrangements for health and safety management.

6. Risk Assessments

AUB Co. has conducted a 'suitable and sufficient' risk assessment of all workplace hazards, as required by the Health and Safety at Work etc. Act 1974. General workplace risk assessments are carried out when required or as reasonably requested by members of staff or management.

Environmental Policy

Mission statement

AUB Co. recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers, suppliers and other stakeholders to do the same.

Responsibility:

All AUB employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Policy aims:

We endeavour to:

- Comply with and exceed all relevant regulatory requirements.
- Continually improve and monitor environmental performance.
- Continually improve and reduce environmental impacts.
- Incorporate environmental factors into business decisions.
- Increase employee awareness and training.

Paper:

- We will minimise the use of paper in the office.
- We will reduce packaging as much as possible.
- We will seek to buy recycled and recyclable paper products.
- We will reuse and recycle all paper where possible.

Energy and water:

- We will seek to reduce the amount of energy used as much as possible.
- Lights and electrical equipment will be switched off when not in use.
- Heating will be adjusted with energy consumption in mind.
- The energy consumption and efficiency of new products will be taken into account when purchasing.

Office supplies:

- We will evaluate if the need can be met in another way.
- We will evaluate if renting/sharing is an option before purchasing equipment.
- We will evaluate the environmental impact of any new products we intend to purchase.

Environmental Policy

- We will favour more environmentally friendly and efficient products wherever possible.
- We will reuse and recycle everything we are able to.

Transportation:

- We will reduce the need to travel, restricting to necessity trips only.
- We will promote the use of travel alternatives such as e-mail or video/phone conferencing.
- We will make additional efforts to accommodate the needs of those using public transport or bicycles.
- We will favour 'green' vehicles and maintain them rigorously to ensure ongoing efficiency.

Maintenance and cleaning:

- Cleaning materials used will be as environmentally friendly as possible.
- Materials used in office refurbishment will be as environmentally friendly as possible.
- We will only use licensed and appropriate organisations to dispose of waste.

Monitoring and improvement:

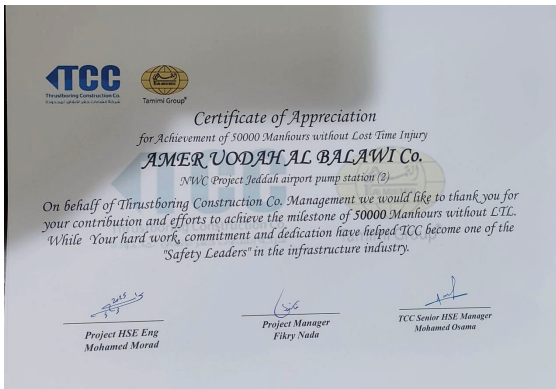

- We will comply with and exceed all relevant regulatory requirements.
- We will continually improve and monitor environmental performance.
- We will continually improve and reduce environmental impacts.
- We will incorporate environmental factors into business decisions.
- We will increase employee awareness through training.
- We will review this policy and any related business issues at our monthly management meetings.

Culture:

- We will involve staff in the implementation of this policy, for greater commitment and improved performance.
- We will update this policy at least once annually in consultation with staff and other stakeholders where necessary.
- We will provide staff with relevant environmental training.
- We will work with suppliers, contractors and sub-contractors to improve their environmental performance.
- We will use local labour and materials where available to reduce CO2 and help the community.

OUR AWARDS

Completion Certificate

Dear AMER AL BALAWI COMPANY,

AL-Yamama Co. would like to extend its sincere appreciation for the diligent efforts undertaken by your company in completing the project for WO-013 (Coastal Marina Grading Line) as our subcontractor for excavation and haulage tasks in NEOM Region.

AMER ALBALAWI COMPANY has demonstrated exceptional workmanship while collaborating with us as our subcontractor on this project and has completed his entire scope of work successfully with high execution proficiency. AL-Yamama Co appreciate for the dedication shown and look forward to the possibility of working together on any upcoming projects.

Subject: Top performing civil subcontractor Lot # 5

Dear All,

All Construction teams in LOT # 5. WE have had a very successful past week with respect to HS&E compliance together with performing and managing all related construction activities.

Therefore EPM is proud to share by announcing the top performing subcontractor of this week is AL BALAWY.

We would like to take this opportunity in thanking the NESMA site and all related earthwork subcontractors.

Best regards,

 **Rakan Bander | Construction Engineer**
